

The Semiconductor Lifecycle Solution™

The AUTHORIZED
Source for

ON Semiconductor

Over 3 billion ON devices in stock.

Rochester has over 20,000 ON part numbers available and recently received more than 500 million ON devices.

Our comprehensive ON Semiconductor product portfolio includes:

- IGBTs
- Power MOSFETS
- LDO regulators
- Load Switches
- Regulators
- Motor Drivers
- Monitors
- Sensors
- Controllers
- Clock Generation and much more

100% Authorized, traceable, certified and guaranteed.

Authorized by over 70 leading semiconductor manufacturers. With more than 15 billion units in stock and continuing manufacturing solutions for more than 70,000 device types, no other company compares to our selection, capabilities or solutions. Visit us at www.rocelec.com.
